Chalet Tempeste

Region: Chamonix **Sleeps:** 9

Overview

Located on the outskirts of popular Chamonix, Chalet Tempeste is a lovely country-style home with Alpine accents throughout. Blending traditional wood highlights with modern style, Chalet Tempeste cuts a chic image for skiers who like the finer things in life.

This fabulous chalet is deceptively spacious within, set across three floors plus a cosy basement level. If you're planning to self-drive to Chalet Tempeste, ample parking is provided for residents outside the property.

Entering Chalet Tempeste for the first time, a warm hallway gives way to a dedicated storeroom for your ski equipment, complete with boot warmers. To the rear of the boot room, a private office and toilet room offer additional space to focus and work if needed.

Moving into the main space, a large modern lounge filled with plush sofas is gathered around an open fire with stunning views of the mountains from large windows that fill the room with natural light. Adjacent to the living room, an open-plan dining room and kitchen space open up. Compact but well-equipped, your kitchen has everything you need to whip up and enjoy delicious meals as a group.

On the first level of the chalet are three well-sized bedrooms dressed in simple comfortable stylings. Bedroom one has two twin beds that can be pushed together to form a double and has access to a private en-suite shower room. Bedrooms two and three have either a double bed or two twin beds and direct access to an outdoor balcony via patio doors. These two rooms do not have private en-suite facilities, instead sharing a communal shower room.

The fourth bedroom is located on the top floor, tucked away in an attic-style room with a double bed and a single bed that can sleep three guests - ideal for families with small children. Across the hallway is a family-style bathroom with a bathtub for us.

A laundry room and additional living space are located in the basement with a large cosy library room filled with comfortable sofas and armchairs for relaxing.

At ground level, Chalet Tempeste has additional outdoor dining facilities, should the weather allow for it, as well as a private hot tub.
