Location & Local Information

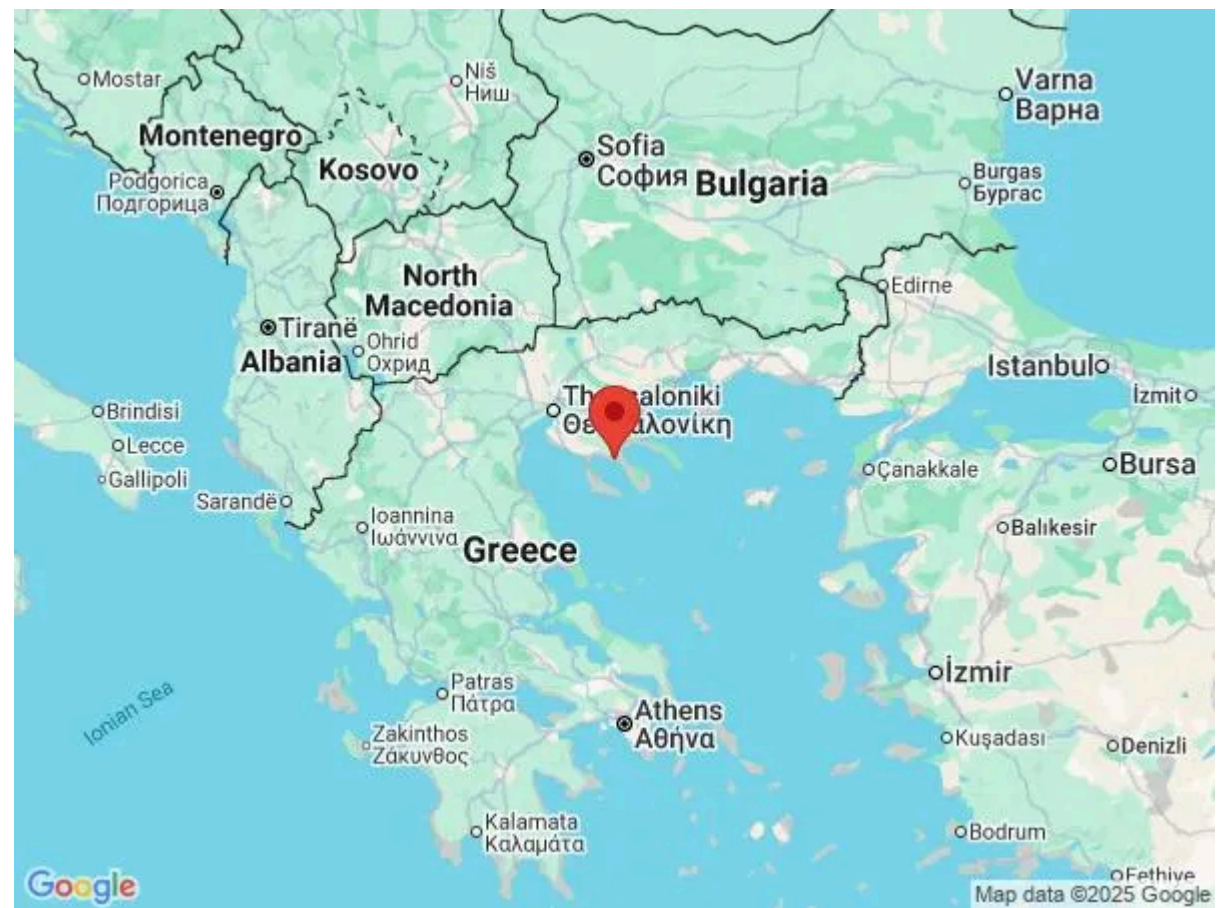

Located in Halikidi, very close to Nikiti beach, Gamboge Villa is set within an exclusive and luxurious Resort. There is plenty to do in the local area; Nikiti has two lovely beaches in the town. One is on the left of the port; it is very long and extends to more than two kilometres in the direction of Neos Marmaras. The beach is mostly sandy, so it is ideal for long beach walks! The most beautiful part of the beach is the very beginning, at the dock, and the other half of the beach, at cafe Saint George. The local beach, which is right from the dock, is also long and very picturesque!

Sithonia, the second peninsula of Halkidiki is renowned for its wonderful beaches, such as Kavourotripes where a pine-fringed stretch of fine sand meets stunning azure waters. Located 39km from the town of Nikiti, this is one of the most beautiful and popular beaches in the area and is well worth a visit!

Also gorgeous are the beaches in the area of Vourvoura, approximately 18km from Nikiti, such as Karidi and Livari. Opposite Vourvoura there is a number of uninhabited islands. Visit the island of Diaporos by boat for incredible swims in crystal clear waters.

Arnea, located in northern Halkidiki in the foothills of Mount Holomondas, is a lively and bustling village with 2,300 permanent residents – and no trace of the melancholy that pervades many of the more sparsely populated Greek mountain villages. With flagstone-paved streets, homes with the bay windows characteristic of Macedonian architecture, wooden balconies and colourful walls, a visit to the village has the feel of a step back in time to an earlier era in Halkidiki's history. Thick forests of chestnut trees, oaks and pines cover the slopes of Mount Holomondas in central Halkidiki, ideal for a mountain biking excursion or simply an early morning hike!
