# Location & Local Information

The fabulous Villa Prisca is located at Supetar Cove. The centre of Supetar is 500m from the villa and the pretty harbour is 800m away. On the northern side of Brac, Supetar Town became the island's official centre in 1827 and is made up of Supetar and the three villages of Splitska, Skrip and Mirca. The Jadrolinija ferry ride from Split takes just 45 minutes.

It is very easy to visit the mainland. Supetar is very attractive with an historic core of old stone streets fanning out from the harbour which is dominated by an imposing church. The views back across the water to Split with the mountains in the background are wonderful. The picturesque village of Skrip boasts a fabulous Archaeological Museum. The Harbour of Sutivan is 7km from the villa and is worth a stop.

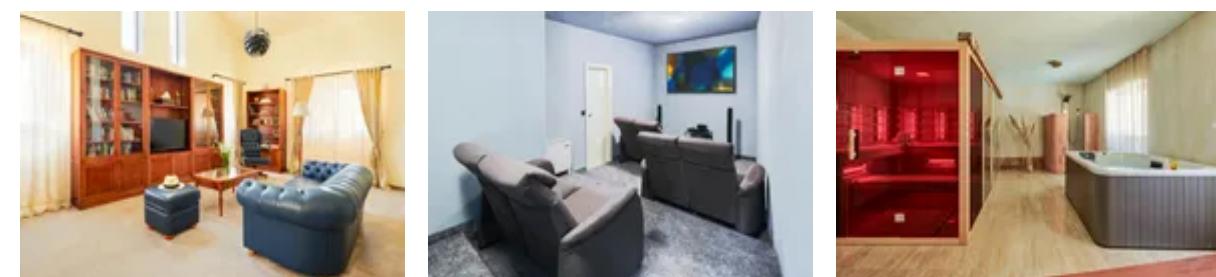

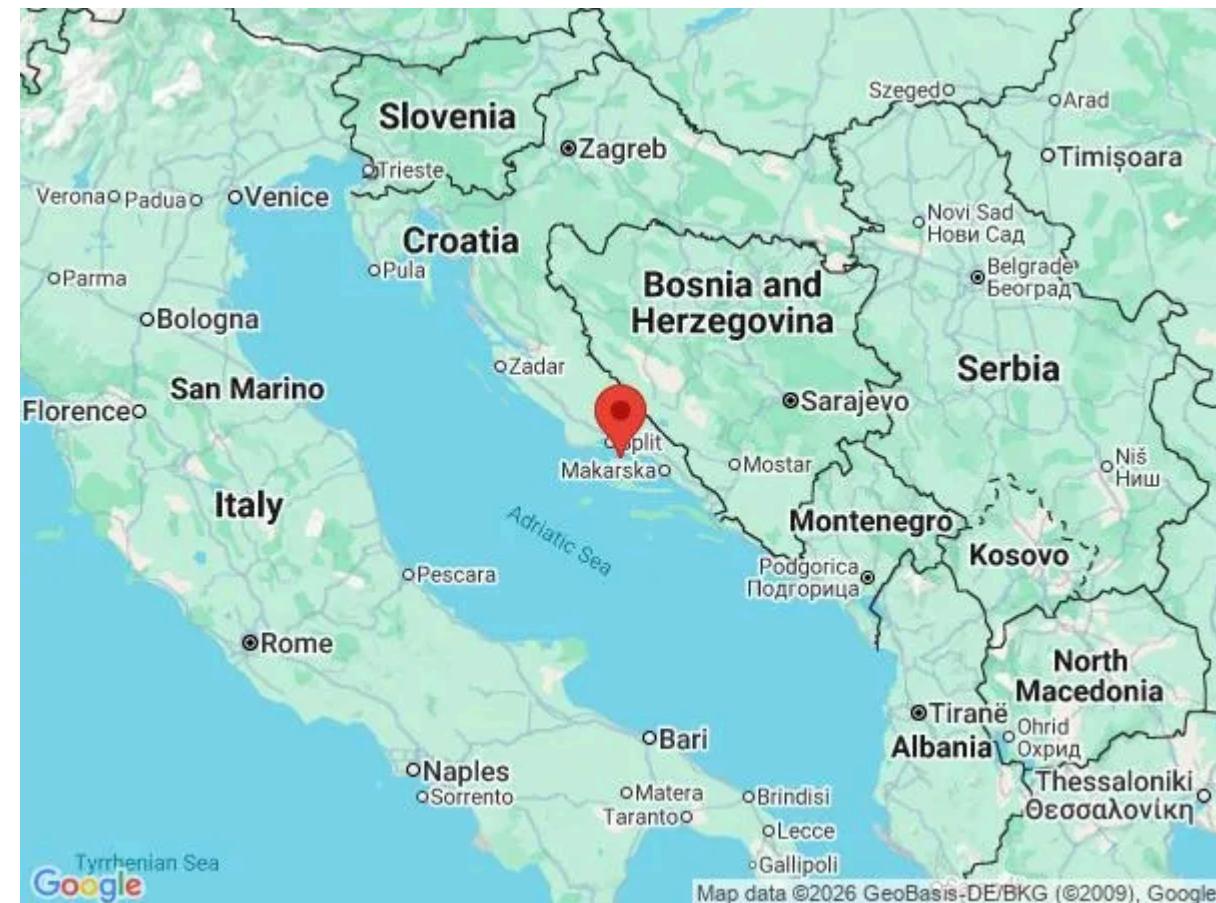

With 240 sunny days a year, Brac is a wonderful destination for a holiday and a trip to the famous Zlatni Rat Beach is an absolute must! Brac Island is blessed with stunning scenery making it one of the Adriatic's most beautiful islands. It is less busy than the glittering islands of Hvar and Korkula. Curious explorers will be fascinated by the wonderful coves of Osibova, Lucice or the Bobovisca harbour, Lozisca village and the nearby small island of Mrdulja situated at the entrance of the harbour. The charming village of Selca is very pretty. Sumartin, just below Selca has the most amazing clear azure sea. It is great for snorkeling with a huge array of colourful fish.

Milna, on the north-west side of Brac enjoys a beautiful harbour, a Baroque church with a typical Dalmatian bell tower and pretty houses, small masterpieces of plebeian architecture, along its stunning coastline. Milna will enchant you with its healthy Mediterranean cuisine, specialising in fresh fish, quality olive oil and home-made wines. You can enjoy sailing, fishing or scuba-diving from the harbours.

The mesmerizing Zlatni Rat beach at Bol that adorns 90% of Croatia's tourism posters is astonishing. It is one of the most beautiful beaches of the Mediterranean with its crystal clear sea that goes from turquoise to dark blue and is bordered with decades-old pine trees. Thanks to its particular shape, it is one of the most exceptional beaches in the world. Zlatni Rat's elegance and appeal have made it the symbol of both the town of Bol and Croatia. It is protected by the government of Croatia as a geo-morphological monument.

Brac is famous for its very attractive, white stone. Villa Prisca is made from this beautiful stone. The famous White House in Washington is also made from Brac stone. Brac is also famous for its 'buhanica' olive oil, cheese, wine, honey and wine. Even the most demanding gourmands will be impressed on Brac! The Stina Winery on the waterfront at Bol is lovely and the Prosecc, a little like Australian muscat, is delicious!

Vidova Gora is the highest peak of the Adriatic. From Vidova Gora visitors enjoy fantastic views of Zlatni Rat Beach and with clear skies, you can see all the way to the Peljesac peninsula in the east, over Korcula, Vis, Bisevo and all the way to the distant cliffs of Jabuka.
