Location & Local Information

Just a plane ride away lies the real fantasy island, Barbados. An island that gives a dreamlike, intimate feeling to your trip.

Barbados is a truly phenomenal holiday destination, and geologically unique; a coral island, initially pushed from the sea as two separate land masses by volcanic activity many years ago. Over time these two land masses merged together creating the isle we now know as Barbados. Barbados lies on the boundary of the Caribbean and South American continental plates making it unlike any other Caribbean Island. Within the core of the island, made up mainly of coral sediment, numerous caves and underground lakes can be found. Arguably the most famous of these is Harrison's Cave; a network of caves, waterfalls, pools and fantastic stalagmites and stalactites.

When visiting Barbados, the first thing you are sure to notice are the gorgeous and renowned flat white sand beaches. On the west coast of Barbados, miles of coral shore beaches and fine white sands stretch along a hypnotising turquoise sea. The West Coast of Barbados is also fringed with countless breath-taking Coral Reefs to provide excellent snorkelling and scuba diving opportunities. The South Coast also offers something for everyone, and is a curious mixture of the Caribbean Sea and the Atlantic Ocean. Here you can swim in calm waters, snorkel over the inshore reefs and tidal pools, and at the southernmost tip of the island, you can windsurf.

The East Coast of Barbados has fantastic and lively surfing opportunities, blown briskly by the strong and constant trade winds; the constant breeze of these trade winds give Barbados its mild and pleasant tropical climate. Along the east coast, huge Atlantic waves crash along the shore and so the beaches are better suited for walks and sun-bathing, with a few enchanting places to have a dip in the sea – as the waves break over rocks and reefs, small pools are formed close to shore – natural swimming pools!

Inland Barbados is delightful to explore, enchantingly quiet

and rural there are endless fields of sugar cane dotted with old plantation houses. Barbados has a rich and interesting history and has preserved and restored many of its historic buildings – you can visit a plantation house for a trip back in time, see the towering lighthouses that once led ships to safety, or explore the historic towns that are an important part of the island's past and present.

Whilst on Barbados, a taste of the island's rum is a must! The isle has been producing rum for over 350 years, and it is recognised internationally for its quality. Many tours and taste sessions are available at the local distilleries.

There are many activities to keep you occupied whilst on holiday in Barbados – for the more adventurous vacationer you can join 'Jammin' Catamaran cruises' and choose swimming with turtles, snorkelling, fishing or diving. You can also embark upon a day or sunset private cruise, and there are a variety of undersea expeditions that are highly recommended and entirely unforgettable. Any shopping lovers will also delight in the unique boutiques found on the Island. Barbados crafts people are highly skilled, especially in the area of pottery – so when visiting the island be sure to look at the local handicrafts and art available!

With so much to offer and more, an exclusive villa is the perfect base from which you can explore this delightful island. They are ideal for those who love to spend their days relaxing by the sea or taking part in a multitude of water sports which include snorkelling and scuba diving around the expansive off-shore coral reefs.

As a Caribbean holiday destination Barbados is a stunning island with a plethora of entertainment, culture and cuisine to make your trip a once in a lifetime experience. Another truly unique quality to this enchanting island is the people. Barbadians, more often referred to as Bajans, are warm and friendly souls, always ready to greet you with a sincere smile. Barbados is guaranteed to make every vacationer feel welcome and accepted, by the time you leave you will feel as you are not only leaving the isle but a part of yourself in Barbados and will want to return again and again.

It truly is a unique Caribbean paradise.
