Son Bunyola Hotel - Sa Punta

Region: Mallorca **Sleeps:** 10

Overview

A rustic and deeply characteristic five-bedroom villa found in the idyllic Son Bunyola Hotel, Sa Punta offers spectacular views and a plethora of amenities. The exterior of the property was inspired by traditional Mallorcan design, using exposed brickwork and terracotta tiles to create a more comforting atmosphere. The outside of the villa is home to a private heated swimming pool that is suitable for a large number of guests. Here, you can slip into the soothing water and watch your worries melt away. Next to the pool is a collection of shaded sun loungers for guests who wish to simply bask in the incredible Spanish sunshine.

Inside the property, you will be greeted with a collection of communal seating areas. This gives the villa a more collective feel, bringing families and loved ones together in one space. The main lounge area is teeming with unique furnishings and decorations. The two sofas are layered with green scatter cushions, helping to contrast the dark-tile floors beneath you. This area also gives access to a remarkable outdoor terrace, equipped with its own seating area. The terrace is ideal for outdoor dining experiences or just for gazing out at the tremendous mountain views. Sa Punta is also home to a broad dining area that truly encapsulates the shared dining experiences seen in Spain. The solid wood table is encircled by a selection of rattan dining chairs, creating a relaxed atmosphere for every mealtime. The kitchen also adheres to a similar theme, using brown cupboards throughout the entire space. Moreover, there is also a small circular dining table for guests to use during breakfast or for lunchtime.

The bedrooms in Sa Punta are spread across three levels, giving guests their own sense of space and privacy. Two of the bedrooms make use of a spacious and luxurious king-size bed, fitted with pristine linens and plenty of

pillows. The other bedrooms include a pair of single beds that have been pushed together to make one king-size bed. This arrangement means that each room can be customised to suit couples or children. Sa Punta is able to blend ease and opulence in its bedrooms, with each room having a terraced seating area and an additional en-suite bathroom.

Daily housekeeping ensures your accommodations are always pristine, while a pool and garden attendant takes care of maintaining the pool and outdoor furniture. A concierge service is also available to help arrange car hire, bike hire, boat or yacht hire, taxi services, spa and beauty treatments, and restaurant bookings, and a laundry service is available, though dry cleaning is not. For guests who wish to make the most of all the resort has to offer can make use of the on-site transfer service provided for ultimate ease and convenience.

Location & Local Information

Sa Punta gives guests the best of both worlds. This villa sits in a quiet and peaceful estate, offering a sense of serenity and closure from the outside world. However, this property is not too far away from some of Mallorca's finest attractions. Just a 15-minute drive away is the quaint town of Banyalbufar. Guests are encouraged to seek out the town's popular bars, restaurants, and shops to discover more about the local businesses. Wineries such as Bodega Son Vives offer a guided tour around the vineyard, helping tourists learn more about one of Banyalbufar's most successful industries. Located just a short walk from the centre of Banyalbufar, Bodega Son Vives can be found at the very top of an expansive hill, offering awe-inspiring views for all guests. The locally-grown Malvasia grape creates the most delicious wine, which is available for guests to try. This is an incredible experience for any wine connoisseur and offers them the chance to discover a range of impeccable wines.

If you are looking to explore Mallorca from new heights, then Torre del Verger is the perfect spot for sightseeing. This immense tower is less than a 5-minute drive away from the centre of Banyalbufar, making it a very accessible tourist hotspot. First built in 1579 as an attempt to better guard the network of towers around the island, Torre del Verger is a must-see landmark if you are travelling along the coastline. A small narrow stairway guides guests to a platform that offers incredible and far-reaching views of the entire town. Not to mention, there is parking available close to the tower, allowing guests to gaze at the incredible tower for as long as they please.

Mallorca is also home to a collection of incredible caves, allowing tourists to view lakes and other structures from an entirely new perspective. Cuevas del Drach, known in English as the Dragon Caves, includes one of the largest underground lakes in Europe. During select times of the day, a set of boats travel by playing peaceful tunes. As such, the whole cave is filled with these delightful sounds. Although it can take around an hour and a half to reach the

caves, this is a spectacle that has been praised for decades and should not be missed.
