Location & Local Information

Mijas is an incredibly vibrant region that is teeming with an expressive array of tourist attractions and destinations. There are plenty of restaurants, bars, shops, beaches, and more on offer for tourists! If you are looking to learn more about the far-reaching history of this region, a trip to Castillo de Colomares is a real treat. Despite its 15th-century exterior, this enchanting castle was actually built in the mid-1990s and acts as a shrine to Christopher Columbus and his discovery of America. The castle was designed by an acclaimed doctor named Esteban Martin and was constructed by two local brick layers. This monument is a key aspect of Mijas' popular culture and honestly has to be seen to be believed. Castillo de Colomares is based around 20 minutes away from Villa Vista Mijas and is open Tuesday-Sunday from 10 am to 6 pm.

Also about 20 minutes away from the villas, The Benalmadena Butterfly Park is located inside a Thai-inspired temple and allows guests to observe a wealth of enticing butterflies from an entirely new perspective. This temple is constantly heated to the high 20s, creating an ideal climate to support these beautiful creatures. In addition, this building hosts a rich blue roof that uses authentic tiles that were imported from Thailand, offering a more authentic look. Guests are encouraged to meander through the temple and interact with over 1500 species of insects and learn more about how they transform from a tiny egg into a colourful caterpillar and then into their final form.

For avid art lovers, the Centro de Arte Contemporaneo showcases a vast array of iconic European contemporary art pieces. This institution mainly focuses on the amazing works of Pablo Picasso, presenting over 130 pieces for guests to observe up close. Alongside these works, guests can also experience the surrealist works of Salvador Dali, who often used Malaga as a prime source of his creative inspiration. This museum also celebrates a variety of local writers collating a range of artistic sources in one unique location. The Centro de Arte

Contemporaneo can be found around 40 minutes away and is open Wednesday-Sunday from 10 am to 5:30 pm. Whilst there, be sure to peruse the gorgeous streets of Malaga and discover what else it has to offer. We recommend checking out the Atarazanas Market, the Alcazaba, and the various delicious restaurants in the old town!
