Location & Local Information

Malaga is a highly sought-after destination that has managed to attract a wealth of avid and experienced travellers. If you are looking to discover one of the most iconic landmarks within this region, a trip to Alcazaba of Malaga is a must-do activity. This looming fortress began construction in the 8th century and continued to build up until the 11th century. As such, this monument was home to Moorish royalty as well as a variety of Catholic Monarchs such as King Ferdinand and Queen Isabella. Guests are encouraged to explore the complexities of the grounds, including the wide assortment of vines and citrus trees. This site also offers incredible views of the entire region, providing guests with a selection of panoramic experiences. Whilst there, make sure to wander around Malaga's beautiful streets, check out the Atarazanas market, and sample some of the amazing food at the many restaurants. Malaga is roughly a 45-minute drive away from the villa, but the drive is worth it due to the stunning scenery.

Another popular attraction within this area is the tremendous Roman Theatre, which is located just over 5 minutes away from the Alcazaba. This theatre is the oldest monument in the entirety of Malaga and was built in the 1st century by the notorious Caesar Augustus, who is regarded as the first Roman Emperor. Despite its far-reaching history, this landmark was not discovered until 1951, when it was excavated during a community landscape project. Nowadays, it is an extremely attractive tourist destination that allows guests to discover more about how these ancient civilisations enjoyed themselves under Roman rule. It should be mentioned that the Roman Theatre is free to enter for all guests and is closed on Mondays.

The Cortijo is in an absolutely perfect location for those who want to experience the outdoors and see more of this fantastic part of Spain. Located between the villa and Malaga, near the historical town of Antequera (a 20 minute drive from the Cortijo), is El Torcal de Antequera, a natural parkland that is full of nature and walking trails. Designated as a UNESCO World Heritage Site, visitors can freely explore the reserve or book a guided tour where they can learn more about the region and its formation. Also nearby is the Caminito del Rey, a unique aerial pathway alongside the walls of the gorge, perfect for those daredevils! If you need any advice for local activities when booking a stay here, make sure to ask the owners as they know the area well and can give you loads of advice.

- Children must be supervised at all times when near the stairs and the swimming pool
- The Cortijo is situated off a farm track and whilst some amenities are walking distance please note that some parts of the walk do not have pavements
