Location & Local Information

The little island of Gozo can be found in the Mediterranean Sea, just south of Sicily. This rustic island has over 6,500 years of history and is home to a UNESCO World Heritage site, the two temples of Ggantija, notable for their gigantic Bronze Age structures.

Ghasri View is situated in the small village of Ghasri, tucked between the hills of iż-Żebbuġ and Għammar. Known for its beautiful country walks and bike rides, visitors can relax, unwind and fall in love with the outdoors. If you are up to the challenge, the hike to Wied L-Ghasri from the villa will take you along the Ta' Ġurdan Walk; a 10km trail that passes you through the Ghasri valley. The Ghasri valley is a deep gorge-like valley with epic cliffs carved into the Lower Coralline Limestone and the overlying Globerigerina Limestone. Spot the little quirks of prickly pears and capers growing on and around the dry stone walls in the valley and during late spring the area becomes a carpet of red poppies. Winding down to meet the sea between impressive cliffs, a series of steps have been cut into one side of the cliff face enabling visitors to scramble down to the quaint, pebbly beach.

For those wanting to bob in the gentle, serene waters of Gozo, Marsalforn Bay or Xlendi Bay are perfect options, both being around 7km away! Rambla Bay is also worth a visit, especially if you are holidaying with young children. Featuring long stretches of striking red sands, set against craggy cliffs, with lifeguards for safety. Options for water sports are never ending... paddleboarding, kayaking, tubing, wakeboarding or water-skiing!

Take a wander around Ghasri where you can find a supermarket and some lovely restaurants serving fresh Gozitan food. The locals are well known for their incredible hospitality, encouraging visitors to come back time and time again.
