Overview

It says it all on the tin: garden escape. A lush garden of Eden where you can leave the speed of the modern world behind. Press pause on the wild world and take some time to breath in nature.

Perfect for two, welcome to the sublime Garden Escape, your very own beach-level garden studio, which forms part of the Wymara complex on Turks and Caicos. If you're seeking true serenity, you're well placed here. Soak in the sunshine and tantalising tranquillity of the surrounding tropical gardens, peaceful ocean and brimming beauty.

This is the perfect place to truly allow yourself to unwind. Your spacious 670 square foot room contains a walk-out terrace, and at beach level in the oceanfront building, you'll be able to see the previews of the ocean.

With its open plan design, you can glide from the entrance through to the kitchenette and dining area and along to your king suite and terrace.

With comfort and design beautifully wedded here, you can enjoy a daily full American breakfast, giving you all the comfort of home. You can also enjoy preparing your own indulgent meals in your fully equipped kitchen complete with Liebherr, Gaggenau and Bosch appliances.

There are many other gorgeous features to enjoy, such as the custom, glass-encased Kohler Watertile rain showers for that island feel, electric blackout blinds to ensure a perfect night's rest, and plush Frette towels and robes for ultimate cosiness.

You can rest assured that items will be protected with a laptop-sized in-room safe for valuables, and you can also opt for the daily housekeeping and evening turndown

service if desired.

In terms of entertainment, you can enjoy your favourite shows on the LCD TVs, a DVD player and also listen to some music with your Bose iPod docking stereo. At the front desk you'll find over 250 DVDs available to suit every taste.

When the day is over, enjoy the magical feel of Sterling Hospitality Sleep System beds with 400 thread count Frette bedding. The property also includes floor-to-ceiling sliding doors and an ocean-view balcony.

The Turks and Caicos Islands are a beautiful British Overseas Territory located in the gorgeous Caribbean. Turks and Caicos are an archipelago formed of 40 unique islands and cays. But only eight of these are inhabited by people. You might have heard talk of the pure white sand beaches, crystalline turquoise water, and coral reefs teeming with life. Many choose the region because they adore beaches, the water and sports, but it's also a brilliant place to slow down. There's plenty to enjoy, whether it's reading a book at the beach, snorkelling to explore the marvellous marine world, scuba diving, fishing, or enjoying a plethora of other water-based sports and activities.

Overlooking Grace Bay and based 7km from Providenciales International Airport, the airy island ambience is truly indulgent. Enjoy the infinity pool, poolside restaurant and beachfront seafood restaurant, as well as the spa, gym and private beach area complete with bar.

Get ready for paradise.

Location & Local Information

Your home for the duration of your stay is part of the Wymara resort on the island of Providenciales in the Turks and Caicos Islands. On your doorstep sits Grace Bay Beach, which is somewhat famed, perhaps even legendary, for its beautiful white sands and crystal-clear waters. In fact, it's ranked as one of the world's most impressive beaches and offers opportunities to relax, snorkel, swim, sunbathe or participate in adrenaline-infused water sports. On-site, there's plenty to do, whether you want to swim in the pool, try the local dishes, relax at the beach, work out at the gym or have a decadent spa treatment. But there's plenty to do beyond too.

If you prefer keeping your feet on dry land, you can enjoy the Provo Golf Club, which is also close by. The club boasts an 18-hole golf course and makes for a challenging game regardless of skill level. With such picturesque surroundings, it also makes for an enchanting day.

Further, still from the water, you can enjoy Bight Park. Enjoy a picnic, talk a leisurely stroll and visit the playgrounds. Are restaurants and shopping more your style? Graceway Plaza has it all, from quaint cafes for a coffee, restaurants featuring all kinds of fare, boutique shopping excursions and a grocery store where you can stock up on quality produce.

If you don't mind travelling out a bit further, the pleasantly named Turtle Cove Marina is a great place to charter a boat, fish and enjoy water sports and tends to draw aficionados of boating and sailing.

The island of Providenciales offers so much more too. For instance, you might want to take in the lagoon permeated with islands and mangroves that is Chalk Sound National Park. The best way to explore this enchanting area is by kayak or paddleboard, which can both be rented.

If you're new to snorkelling or diving, Coral Gardens and

Smith's Reef both offer plenty of opportunities to explore the world beneath the water.

Conch is a local delicacy used in many meals on the island. A visit to Conch Farm will allow you to learn more about the conch and how they became so integral to the cuisine.

If you're in season, you can enjoy whale watching from January to April as the whales begin their migration. You might also want to take in the history and culture of the island with a visit to Cockburn Town on Grand Turk – a great opportunity to learn about the indigenous Lucayan people.

What we love

- We're both foodies, and the food here is a real mix of European, African and Caribbean. A lot of dishes contained conch, which is a large marine snail, something we'd never tried before, but that was really delicious. We especially loved cracked conch, fish stew and conch fritters.
- You really can't describe how spellbindingly blue the water is here until you see it for yourself. Waking up by the water is unbeatable.
- We visited in February and were lucky enough to see humpback whales which was unforgettable.
- We spent much of our time by the pool and the beach and wouldn't have spent it any other way. Relaxing on the terrace with a glass of wine was my happy place.

What you should know...

- The islands accept US dollars, so make sure you have your money sorted. ATMs are plentiful on the island, but it's always a good idea to carry some cash for smaller establishments.
- Check the visa entry requirements before you book your trip to ensure that all runs smoothly.
- Bring the bug spray! As with all tropical islands, mosquitoes like the beguiling beauty too. Bring a spray with 50% Deet to ward off any critters.
- If visiting during the peak season, make sure you make advance reservations for areas of interest to avoid disappointment.
- Wymara Resort is cashless, none of the outlets will accept cash, only card payments.
