What we love

- We really wanted a little escape when we booked this place, and that's precisely what we got. It felt secluded and hidden even though we were in the heart of everything. Sitting, reading, writing, enjoying delicious food, and relaxing in such a beautiful space was lovely.
- Being new to skiing, I was tentative about getting out on the slopes. But a trip to one of the ski schools helped me build my skills and confidence. The tradition of an apres-ski is something I'll remember!
- As soon as we opened the door, we knew we were home. This is such a beautiful apartment. We will definitely come back.

What you should know...

- Courchevel flaunts a radiant apres-ski scene, but it has yet to be known for its nightlife. If that's your preference, you may wish to consider another resort.
- The area is popular with families and is well set up to entertain them, but please ensure you keep an eye on all children during your stay.
- If travelling with babies or infants, you can notify the property in advance to ensure that highchairs and baby cots can be provided and set up before you arrive.
