Casa Coyote

Region: Cap Estate **Sleeps:** 4

Overview

Casa Coyote's lush tropical garden is a botanical paradise with many different kinds of palms, flowers, plants and trees and is definitely the most romantic place for honeymooners on the island of St. Lucia. This very secluded and easily accessible villa is not visible from the road and is perched on the hillside above Smugglers Cove with unparalleled views of the ocean and the coastline from all the rooms. Smugglers Cove has a sandy beach and the reefs provide one of the most interesting places to snorkel in St. Lucia. A Championship 18 hole golf course is just minutes away by car.

Casa Coyote combines all the essential elements of a dream home in the Caribbean, from its stunning architecture and finishes to its wonderful location and its beautiful tropical landscaped gardens with a network of footpaths that allow for leisurely strolls. You can rest for a drink in one of the two delightful gazebos, one of which looks out over the sea, the other one is tucked away in the garden. Or, have lunch on one of the many terraces around the house. A large crystal clear swimming pool interchanges with the sea and is nestled below the house and affords views out over the ocean. Last, but not least, you should have your sunset drink on the lower deck which provides marvelous views of Pigeon Island against the striking Caribbean sunset.

The house is designed as an open plan, so it can benefit from the cooling tropical breeze. It is imaginatively furnished with antique Indonesian furniture and artifacts set against a dazzling white background giving a unique blend of the old and the sophisticated. There are two lovely airy living areas. One for lounging, with the other serves as a television room with cable television. The open plan dining room is adjacent to a well appointed kitchen and a series of open patios. The Master bedroom has a King-sized bed with unusual bamboo posters draped with a net. There are small patios off this room giving a 180 degree view of the ocean. The second bedroom has an interesting gallery with the bedroom on a lower level, opening on to its own large private patio. Both of the bedrooms boast en-suite facilities.

Location & Local Information

St Lucia is located midway down the Eastern Caribbean chain, between Martinique and St. Vincent, and north of Barbados. St. Lucia is only 27 miles long and 14 miles wide. The Atlantic Ocean meets its eastern shore, while the beaches of the west coast owe their beauty to the calm Caribbean Sea.

St Lucia is also a romantic paradise for couples; bask together under the Carribean Sun, sail into a champagne sunset and relax under the vast starry sky.

For all those who travel to this island, tropical weather, glorious weather and the holiday of a lifetime truly does await.

Casa Coyote is located close to Pointe du Cap within Cap Estate, a large residential development at the northern tip of the island. Two of the best restaurants in St Lucia are nearby - the Great House and Tao at LeSport. Views from the estate include Pigeon Island National Park, a forty four acre National Trust reserve. Opposite Pigeon Point is Rodney Bay, St Lucia's busiest tourist area, where there are hotels, good restaurants and bars, a shopping mall, banks, mini marts and a nearby supermarket and a very lively nightlife.
