Location & Local Information

Apartment Cotton Grass sits in Courchevel Village, a friendly and practical base within the Three Valleys. The resort offers quick access to the wider ski area through the Grangettes gondola, which rises directly to Courchevel 1850. From the apartment, guests can reach the nearest slope within a few steps, making it easy to start the day without navigating busy streets or long walks in ski gear. The local pistes are ideal for mixed-ability groups, with gentle runs leading into the village and long cruising routes higher up the mountain.

Courchevel Village has a down-to-earth feel compared to its higher-altitude neighbours. You will find useful shops, a small selection of restaurants and casual bars, along with a choice of ski schools and equipment hire. Everything sits within a compact radius, so families can move around easily. The Aquamotion centre is also close, offering pools, slides and wellness facilities that are popular on rest days or snowy afternoons. With reliable lift links and a quieter atmosphere than the upper levels of the resort, Courchevel Village offers a straightforward and well connected setting for guests who want easy skiing and a calm place to return to at the end of the day.
