What you should know...

- In light of the limited rainfall experienced on the Costa Brava in recent months, water usage restrictions have been implemented across the region. As a result, you may notice some differences in the garden compared to the photos, and the pool may not be filled to its maximum capacity due to evaporation
- The pool is unfenced so young children should be supervised at all times
- A car is recommended to explore the surrounding area and there is parking on site
- The house has air conditioning so guests can enjoy a comfortable temperature even on the hottest summer nights
