Location & Local Information

Set in the Ionian Sea, Zakynthos is celebrated for its varied coastline, crystalline waters and rich cultural heritage. Sandy beaches give way to dramatic cliffs and timeless villages, creating an island that balances relaxation with exploration.

Venetian influence is evident in the island's architecture and traditions, while its protected marine park safeguards the nesting grounds of the endangered Caretta Caretta turtles. Natural highlights include the striking Keri Caves and the world-famous Shipwreck Beach (Navagio), one of Greece's most photographed landmarks. Along the coast and in the villages, well-regarded restaurants such as Nobelos Bio Restaurant showcase organic Greek cuisine.

Villa Amigos 2 is located in Akrotiri, a peaceful residential village approximately five minutes by car from Zakynthos Town and Tsilivi Beach. Surrounded by olive groves and enjoying open sea views, the setting offers privacy without isolation. Dionysios Solomos Airport can be reached in around fifteen minutes by car, ensuring straightforward arrivals and departures. Several local tavernas and restaurants, including Prosilio, Bassia and Akrotiri Taverna, are within easy reach.

From this well-positioned base, guests can explore Tsilivi's soft sands and calm waters or venture north to swim at Porto Limnionas, one of the island's most striking coastal spots.

What we love

- Each bedroom having its own bathroom provides privacy and convenience, especially for adult groups or couples travelling together.
- The generous size means guests aren't on top of each other, making it comfortable for families or groups sharing the space
- Secure parking and an alarm system add practicality and peace of mind.

What you should know...

- There is a staircase connecting the floors, which may not be ideal for very young children or guests with mobility concerns.
- The layout is fixed to three double bedrooms, so there's limited flexibility for larger groups or children needing separate beds.
- The pool is unfenced so children should be supervised outdoors
