Villa Melissa

Region: Indonesia **Sleeps:** 10

Overview

If you seek the essence of Bali beachfront tropical luxury, this is it! Villa Melissa is a beachfront villa and has 30 meters of beach frontage, and three of its five bedrooms have expansive and unimpeded sea views. Nowhere in Bali is more beachfront than this!

There really is room to move around in to breath in that sea air, so ensure your bedroom windows are wide open and so you can experience the breeze flowing in from Indonesian Throughflow of the Indian Ocean and Pacific Ocean. Floor space over two levels is more than 800 square meters and the garden and pool are a vast 2,500 square meters.

This undeniably luxurious villa in Canggu has had each space thoughtfully considered, both inside and out. From the huge seafront swimming pool, to the beautifully symmetrical entrance in the corridor. The bathrooms are spaces of absolute tranquillity, whilst the tropical flora that surround the property really create a harmony with the surrounding island's landscape.

During the daytime you will undoubtedly want to make the use of the garden space, so spread-out along the sun loungers, lawn area or Balinese Gazebos. The private swimming pool is somewhat distinctive, as it is ‘T-shaped’, with what is essentially two swimming pools merged together. If you’re eager to take this detox a step further, you are able to find a communal spa, gym and tennis court amongst the Estate’s grounds.

Beachfront luxury doesn't get better than Villa Melissa; an exquisite, vast property, boasting elegant and original architectural design that beautifully blends the traditional with the contemporary. Come and experience the holiday

of a lifetime at Villa Melissa, and get the most out of beautiful Bali!

Location & Local Information

The coastal area of Canggu is a traditional fishing region, where you can observe the rhythms of day-to-day village life in Bali. Watch the fishermen bring in their catch early in the mornings at Nelayen Beach and pick up some fresh lobsters, prawns and fish.

Though many of the beaches have dark sand, there are several gems that are famous for their great surfing and wonderful restaurants; including *Berawa*, *Echo Beach* and *Pererenan*. If you're in the mood for some 'extreme dining', pay a visit to *Lacalita Bar Y Cocina* where you can watch your food being made in front of you, before you start sipping on a selection of spirits till the early hours of the morning.

For a change in scenery and for something a little more daring, a day trip to *Deus ex Machina Temple of Enthusiasm* is a requirement! Here you have everything from restaurants to skate ramps. This is a great chance you check out custom made motorbikes and then boogie-on-down in front of bands on the dancefloor.

If trekking is your thing, then you've come to the right place. There are organised trips up and around both Mount Agung and Mount Batur. Here you will experience some simply stunning scenery that you might have only heard of. Invest in some good walking/running shoes and explore a world like non other!
