What you should know...

- A roll top bath is located in the master bedroom, just like so many top boutique hotels, however having a bathroom directly in the bedroom may not be to everyone's taste.
- As a Grade II listed building, Cider Cottage retains many original features, including low beams and uneven floors, which may not be suitable for guests with mobility concerns.
- The property is in a rural location, so while it offers complete tranquility, it may not be ideal for those seeking immediate access to larger towns or shopping centres.
