

Villa Jesenice

Region: Omis Sleeps: 6

Overview

Finished in traditional stone, complimented only by sky-blue wooden shutters and cream window frames, Villa Jesenice is the very definition of a rustic country home and breathes traditional charm and sophistication.

The house is ideally located amongst the hills outside of Split. This elevated location almost makes the house seem as if it were built entirely into the hillside and offers spectacular views of the bay below.

Staying outside the home, the garden area is finished in stone and detailed fantastically to cater to all age groups. There is a barbecue, al fresco dining area, sun loungers, a large parasol, and a pool.

The property's interior continues the same stone theme, balancing raw stone texture with glass staircases and ornately carved furniture. Set across two floors, this home boasts two large bedrooms and can comfortably sleep up to six guests. Each bedroom has an en-suite bathroom, one of which features a rain shower.

Beyond the bedrooms, there is a living area located downstairs. A sizeable sofa and television complement these raw stone walls. The open archway of the living area leads straight into the open-plan kitchen and dining area. There is also a gym on the covered balcony with fantastic views.
