Overview

Nestled on the top of a cliff, Villa Soham will take your breath away in its presentation and with its views! Secluded enough to provide a tranquil and private stay but still close enough to the many amenities and activities the island boasts, this fully staffed villa will both match and exceed your expectations!

Villa Soham combines an island styled layout with a sleek contemporary design. The use of natural materials from the Indonesian archipelago, and a heavy application of wood, stone, glass and ceramic materials have been blended to create a state of the art villa, which displays both character and excellence throughout its spacious areas!

Comprised of four levels, this stunning villa has developed its indoor areas to ensure that you can spend a whole day inside if you wish! The villa's entrance leads you to a splendid, air-conditioned living room, where cosy, intimate evenings can be had, complimented with amazing ocean views! The media room which sits adjacent to the living area is equipped with comfortable furnishings and a television with a surround sound system to allow you to fully immerse yourself into a movie as you unwind from a day of adventure!

Too beautiful to resist a swim, the infinity pool in the outdoor area has been built at the edge of the cliff top, so you can enjoy sea views while you take a soak! Around the pool, you will find sun-loungers and comfortable furnishing to allow those who do not want to get into the pool or following a splash in the pool, the opportunity to sit back and relax, either on the beautifully crafted pool deck, complete with parasols or in the pavilion overlooking the sea! Sip a refreshing cocktail, blended by staff, as you watch the ships and scenes across the Indian Ocean!

A masterclass of spacious bedrooms, with king size beds, en-suite bathrooms and air-conditioning as standard means that there is hardly any compromises to be made when selecting one of the five rooms! The ingenuity of design is on display within the bedrooms, with the three ground floor bedrooms providing terraces! The two remaining rooms upstairs continue the tranquil vibe with exceptional ocean views!

Villa Soham is fully staffed, so you can sit back and relax as a host of staff tends to your needs. From barbecued seafood served to you for Alfresco dining in the outdoor dining area, to security, house staff, masseuse and babysitters on request!

Location & Local Information

Located in the southernmost tip of Bali, in the peninsula of Bukit, Villa Soham is in a near perfect location. This part of the lovely island has yet to be fully discovered by tourists, so you will find the ambience to be tranquil and calm, whilst also conveniently providing access to the area's array of activities!

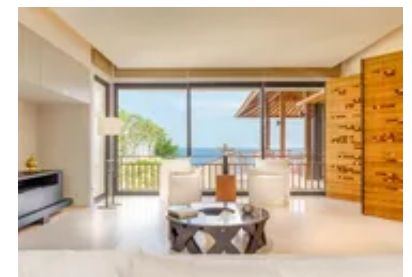

The people in Bukit are very used to visitors and thus they are very hospitable, friendly and when necessary, provide an incredible first class rate of service, whether you are dining, relaxing, visiting a place or taking part in something!

The shores of Pandawa beach are located right next to the villa, so grab your beach gear and head down there! Previously, the villa was hidden and only visited by locals and men who operate boats. A new road has made this sugary white sand beach accessible and given that there was no announcement of it, it is still somewhat quieter than many other beaches!

Heading further along you will find Timbis beach. Here the more intrepid and brave guests can soar in the sky and get a 360-degree view of the beautiful peninsula, as you paraglide! Leave those who opt out to relax and frolic on the beach as they watch you take a solo, tandem or teacher guided flight and swoop through the air!

Bali is also known for the quality of its spas and so a trip to one should not go amiss! The distinguished Spa Alila Uluwatu, will live up to your expectations and offers both original and modern interpretations of ancient Asian healing techniques and Indonesian relaxing traditions! After a session in the spa, to continue the state of tranquillity, head over to Bali Golf and Country Club Nusa Dua, where the play takes place past creeks, canyons and waterfalls, through a mature coconut grove to the beach and back to the clubhouse alongside a lake!

From surfing, many spots for picturesque tours and cultural exploration, as well as a plethora of restaurants,

bars and roadside stalls and shacks selling food on the go, holidaymakers can rest assured they will be both well fed and served throughout their excursions in the beautiful southern coast!
