Overview

Malik by the Sea is a stunning villa in the Dominican Republic that offers an expansive and beautifully designed living space. The villa is a perfect place to relax and enjoy breath-taking ocean views from the moment you wake up to the moment you go to sleep. Designed by renowned French architect and artist Savin J Couelle, the villa boasts an organic theme with stone fittings, wood, high ceilings, and archways that blend seamlessly into the natural environment. Neutral tones finish this villa, creating a clean and sophisticated look.

The ground floor of the villa is home to a lounge area, a gorgeous dining table, and a fully equipped kitchen. Step through the stone archway and courtyard to the exterior, where you will be greeted by lovely landscaping and architecture. The outdoor dining area offers breathtaking views of the Caribbean Sea, the emerald green grass of a famous golf course, and Catalina Island. Recline in the sun on the handsome tiled patio or gather with loved ones on the box sofa area as you watch the sunset.

The large swimming pool provides relief from the year-long sunshine the island is blessed with, while the Jacuzzi is perfect for late nights or a more pampering setting. A harmonious rock stepping-stone bridge leads to a vast lawn, where you can step barefoot on the grass and enjoy the rolling greens of the golf course and the mesmerising blue of the sea.

The villa features a Master bedroom, King bedrooms, and an additional guest bedroom, all with King-size beds, in-room air conditioning, and en-suite bathrooms. Malik by the Sea is the perfect place to call home during your stay in the Dominican Republic, offering an unforgettable vacation experience.
